<p>NOTE: The runway is 5700ft long, however, due to rising terrain to the east of the aerodrome take off calculations must use the following numbers: A Take-off Run Available (TORA) for runway 07 of 4700 ft (1433m) and a Take Off Run Required (TORR) of 4200ft (1280m). For details see the Flight Crew Information Package, Section MBAC 2.10 - Aerodrome Obstacles.</p> <p>I hereby certify that the TODA of 4700ft (1430m) and the TORR of 4200ft (1280m) available at MBAC is sufficient for this aircraft at maximum gross take-off weight.</p>
